

Dear Activity Director:

Allow me to introduce myself: My name is John Scott. I am a musician and entertainer. I do Sing-Alongs and musical performances. I sing, play guitar and saxophone.

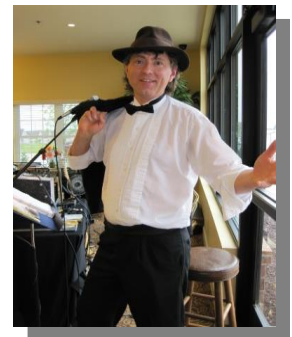

I do a wide variety of music from Sinatra, Bennett and other standards to Johnny Cash, Elvis, and some Country such as Hank Williams Sr. I also have many traditional Sing-Along songs (Home on the Range, By The Light of the Silvery Moon, Red River Valley, etc.) If the crowd desires, I can also work in other styles such as

Rock Around The Clock or a Motown selection such as My Girl. I also offer some Broadway/Show selections. I am comfortable in changing my style to fit the mood of individual preferences of different audiences.

I perform using music tracks as well as solo selections. I offer a tasteful and fun time for everyone - whether they are clapping along, singing along or just listening and enjoying. I bring a small sound system, and my normal attire is a bow tie and tux (though, I also accent with props such as hats, jackets, etc.)

I have many years of experience in performing music. I studied music in college and traveled with a resort band throughout the Midwest for several years. In addition to Sing Alongs, I also teach guitar lessons at Mozingo Music in O'Fallon, Missouri and have owned my own disc jockey service, Joyful Sounds, for 20+ years.

I would love to perform at your facility. I look forward to speaking with you further about meeting your entertainment needs.

Sincerely,

John Scott
